PURE FRENCH ELLAGITANNINS

Oak Quercus Pedunculata.

QUERTANOAK 97® HELPS IN THE PROCESS OF FINING, CLARIFICATION

and in diminishing the taste of the reduction reaction.

100% NATURAL, WITHOUT PRESERVATIVES. WITHOUT GMO.

Application

This tannin is produced from the sapwood of the Quercus Pedunculata. QUERTANOAK 97® contributes very accurately in the balance and stabilization of all wines.

Description and Uses

QUERTANOAK 97® is a product developed by Partoeno R&D and tested by the University of Bordeaux, France and key wine consultants on different wines, regions and vintages.

The user of QUERTANOAK 97® can rapidly obtain results on structure.

This product brings roundness and complexity and prevents reduction odours.

QUERTANOAK 97® IS USED FOR WINES PRESENTING DIFFICULTIES OF STRUCTURE, ROUNDNESS AND CONTRI-

BUTES TO THE STABILITY OF COLOUR.

When to use QUERTANOAK 97®?

Wines that are considered to be outside the acceptable range eg : all wines presenting difficulties of structure and roundness. The treated wines can be tasted the same day of the treatment, however it is recommended to wait at least 48 hours.

Furthermore, revalue wines of average range at a lower cost.

Stabilizes the potential of oxidoreduction, harmonizes aromas and structure of wine.

It is recommended to use QUERTANOAK 97® at a dosage between **3 to 30 g/hl** of red and rosé wine after dilution in wine. The dosage, and therefore the treatment cost, can be optimised by doing direct trials in bottles at different concentrations.
